UI DEVELOPER

Contact

Career Objective

- To grow up with the organization in the field of UI development and to have beneficial association with the organization. My strength is my ability to walk into a new environment and be functional immediately. I am quick to learn and adapt to new situation, configurations and technologies. It is easy for me to translate business objectives into user experience.

Professional Summary

- Solution-driven professional excelling in highly collaborative work environment, finding solutions to challenges and focused on customer satisfaction. Proven experience developing consumer-focused web sites using HTML, CSS, jQuery, PHP and JavaScript. Experience building products for desktop, phone and mobile app users, meeting highest standards for web design, user experience, best practices, usability and speed. Responding to challenges by designing and developing solutions and building web applications aligned to customer's services.
