Kingdom of Bahrain | (+973) 3932 0883 | [racheimmelman@hotmail.com](mailto:racheimmelman@hotmail.com)

## Profile

I am a punctual and reliable individual who works well under pressure. I am able to work both in a team environment and on my own initiative. If I had to describe myself in 3 words I would say I am hardworking, honest and loyal with a great sense of humor and a friendly disposition. I have no health concerns and thrive on hand-on tasks and physical work. Working with different cultures and nationalities excites me and I am a good listener with the ability to communicate to people at all levels. I am comfortable following instructions and leading at the same time to ensure all tasks at hand are completed to a high standard.

## Personal Details

- Gender: Female
- Date of birth: 28/03/1987
- Nationality: South African
- Language skills: Afrikaans, English

## Work Experience

### **March 2011 – September 2019 | Etihad Airways – First Class Cabin Crew**

I was employed by Etihad Airways in 2011 as a cabin crew member situated in Abu Dhabi, UAE. With Abu Dhabi being one of the preferred destinations for transit to most countries in the world I have been exposed to a wide variety of cultures and nationalities. Through this I gained valuable experience working alongside and serving different nationalities. As part of my employment with Etihad it included the Standard Training Program for cabin crew. In my time with Etihad I have been promoted to Business Class and am currently working as First Class cabin crew, where most of this time was spent working with VIP Guests.

### **January 2010 – August 2010 | South African Airways**

As part of the role being contracted by Quest Personnel in Cape Town and SAA we operated flights from Cape Town which included all destinations listed on domestic flights. Due to the demand of additional cabin crew over the duration of the FIFA World Cup hosted in 2010 by South Africa I decided to take on this role working in Economy Class where I was moved to Business Class after only a few months of employment.

### **July 2008 – July 2009 | Finness Hair Design**

Finness Hair Design is located in a busy part of Durbanville, South Africa and consists of 4 Stylists and a Beauty Therapist. As the Senior Stylist I was responsible for cutting, styling and coloring. Additional responsibilities included upselling hair products, maintaining a safe work environment and managing reception. I reached targets provided by my manager to help increase profitability on numerous occasions.

### **January 2008 – July 2008 | Titanium Hair Design**

### **January 2006 – January 2008 | Erina's Hair & Beauty**
