## WORK EXPERIENCE

### Design Engineer

#### Poomsan Interiors and Construction

01/2020 – Present

Peyankuzhi, KK Dts

Incepted in 2015 by a group of Architectural & Interior professionals, POOMSAN INTERIORS & CONSTRUCTION never took too long to transcend as the perfect syndicate that embodied the dreams and passions of Architects, Interior designers, Engineers and Construction experts.

## EDUCATION

### Study Program

#### Stella Mary's College of Engineering

06/2014 – 08/2018

7.45 GPA

Civil

- Experimental study of floating concrete

## SKILLS

CAD software expert

3D renderings

Good Computer Proficient

Experienced in Construction procedures

## PERSONAL PROJECTS

- Experimental study of floating concrete (01/2018 – 03/2018)

The project is titled as "AN EXPERIMENTAL STUDY ON FLOATING CONCRETE", followed by Archimedes Principle (Law of Buoyancy) to support the structure at a moderate and convenient depth. Floating concrete structure is a solid body made of lightweight materials. This project deals about the preparation of mix design and various tests namely compressive strength, tensile strength, slump test, flow properties of concrete etc.,

## ACHIEVEMENTS

Designed and analised of auditorium using Auto CAD and STAAD PRO (08/2017 – 09/2017)

## LANGUAGES

English

*Full Professional Proficiency*

Tamil

*Native or Bilingual Proficiency*

Malayalam

*Professional Working Proficiency*

## INTERESTS

Engineering Design and Construction

Interiors Design

Modular Kitchen
