

Respected Madam / Sir;

Please accept this letter and accompanying resume as an expression of my interest in a motivating profession with your organization.

After completing a Master of Science in Electronics and Bachelor of Technology in Electrical Engineering from the University of Engineering & Technology, Lahore, Pakistan. I serve at different positions like Electrical Engineer, Site construction Manager, Acting Project Manager at different time. I would like to begin employment with an organization in which my effective performance will be met with effective challenges and growth.

Sir, currently I am working with in Al-Mashariq Saudi Co Saudi Arabia Bahrain as Sir Electrical Engineer (Project) since July 2020, almost 6 1/2 Year work as Project Engineer in Al Mashariq Saudi Arabia, and during this, I also performed the duties as Site Construction Manager, Acting Project Manager.

Additionally, before moving to Saudi Arabia, I sever my services in Chashma nuclear power plant Eight Years in Operation & Maintenance Field and Project management sector, during the Unit -1 Operation handover & new contraction of Unit -2.

I have also studied courses in Nuclear Power Plants, high voltage engineering & power system analysis as well as power plant operation & maintenance procedure which schedules under IAEA guideline.

Since I am being equipped with the required specialties of the field under consideration, I am sure I am going to be a help for this wonderful organization locally and internationally. I will try my level best to become an asset to this organization.

I assure you that I will also fulfill my contractual obligations earnestly. I hope that you will provide me a chance for making my career. Your attention and guidance in this regard would be highly appreciated. I look forward to speaking with you about this employment opportunity at any date and time you suggest.

Always at your disposal

Best Regards,

Muhammad AKMAL  
Electrical Engineer
