

Hi,

My name is Jaya.Sumeet Kulshrethh.This is regarding the job opportunity in your renowned organisation.

I am working in the field of oil and gas refining with a Public Sector Organization (Engineers India Limited) in New Delhi, India. Currently I am in Bahrain and looking for job opportunities here. I have residency of Bahrain as my husband is already working here for last three years. I have worked on numerous refinery projects over the span of 15 years as process design engineer, thermal design engineer and safety engineer. I have provided technical training to fresh as well as experienced professional engineers in BAPCO , Bahrain . I am a regular faculty for technical training for engineers of renowned organisations like IOCL, ONGC etc in India.

I have completed my bachelor's degree in chemical engineering and I have more than 14 years on work experience in corporate culture. I am university Gold medallist with excellent educational background.

Kindly consider my attached CV for the job openings.

Regards,
Jaya
