Enthusiastic & high energy drove professional targeting challenging assignments **Project Management & Coordination / Field Engineering / Quality Assurance & Quality Control / Site Management / Estimation** with a reputed organization

### PROFILE SUMMARY

- A result-oriented professional with **over 8 years of experience** in **Project Management & Coordination, Site Management, Material Management, Resource Optimization and Team Management**
- Currently working with **Arabtec -TAV Construction - Bahrain International Airport as Project Manager**
- Strong exposure in executing projects involving designing, development, contract administration, resource planning and site execution
- Flair for adopting modern project execution methodologies, identifying improvement areas and implementing techniques for reducing rejection level, rework and consumption of resources
- Experience in installation & commissioning of various equipment for reducing downtime and enhancing operational effectiveness of equipment
- Possess outstanding capabilities in ensuring quality at the project site by conducting quality tests and inspection and rejecting any material non-conforming to the laid down standards

### SKILL SET

~ Project Management  
~ Testing & Inspection  
~ Client Management

~ Site Management  
~ Design Engineering  
~ Team Management

~ Estimation  
~ Resource Optimization  
~ Quality Assurance and Control

### ORGANISATIONAL EXPERIENCE

Since Jul'20 with **Arabtec - TAV Construction - Bahrain as Project Manager**

#### Key Result Areas:

- Implementing and monitoring all ICT Containment and End-device installation works on site such as **FTTO, CCTV, DAS, WDN, PAS, MCS, SACS, MHW, VW, VOIP, DMS, CPMS, BRS, FIDS** installation and operations focusing on consultant standards
- Interpreting construction drawings and studying the contract documents and applicable standards or specifications before execution of any jobs
- Rendering engineering and technical supports to all the workgroups at the site
- Planning the execution of all ICT related works and coordinating with the mechanical and civil groups
- Liaising with client/consultant's representatives for any site instruction and inspection of works
- Preparing and submitting site daily reports, weekly progress reports, 3-week look ahead schedule, material submittals, risk assessment and method statement, request for information, drawing submission, inspection requests, operation and maintenance manual and all applicable monitoring reports regularly or as required
- Providing support to the Construction Manager in accomplishing all the goals & targets for the workgroups at the site

#### Highlights:

- Mentored and directed 150 team members on **Bahrain International Airport Modernization Programme of ICT Containment Works and End-device Installation**
- Providing support to the Construction Manager in accomplishing all the goals & targets for the workgroups at the site

#### Projects:

- ICT Containment Works – **Bahrain International Airport Modernization Programme**

**Jan'19 – Jun'20 with Almoayed Group WLL - Bahrain as Project Manager**

#### Key Result Areas:

- Implementing and monitoring all ICT DAS and VDGS containment and End-device installation works on-site installation and operations focusing on consultant standards
- Estimating, preparing and assigning the resources such as manpower, materials, consumables, equipment and tools required for all electrical and related works before execution
- Ascertaining that the project is completed following the approved construction drawings, contract documents, project specifications and all applicable quality standards

**Highlights:**

- Coordinated with team members on **Bahrain International Airport Modernization Programme of ICT DAS and VDGS Containment Works and End-device Installation**
- Trained Site Engineers and new hires on procedures for process, measurement, documentation and workflow techniques

**Projects:**

- DAS and VDGS Installation Works – **Bahrain International Airport Modernization Programme**

**July'16 – Dec'18 with Unicorn Electromechanical LLC – Dubai, UAE as Project Manager**

**Key Result Areas:**

- Implementing and monitoring all electrical and plumbing related works at the site such as load calculation for sizing wire and circuit protection, installation and operation focusing on **ADDC / DEWA / SEWA / FEWA / AADC** Standards
- Lead the planning, coordination and control of projects from inception to completion.
- Establish excellent working relationships with all internal and external stakeholders to ensure the successful delivery of the project
- Establish and implement the Project Management Plan
- Develop the project budget and manage expenditure to achieve completion within budget.
- Establish and control the project master program
- Monitor compliance with the construction program and identify mitigation plans if the project is in delay
- Implement change control processes
- Proactively identify risks and issues and formulate risk mitigation plans
- Chair meetings and ensure minutes are actioned on time
- Provide timely regular reporting on project progress, cost, key risks and decisions required.
- Assess and resolve site coordination issues
- Carry out contract administration duties including issuing payment certificates
- Manage the planning and implementation of Health & Safety before and during construction
- Manage and coordinate the project handover and closeout phases

**Highlights:**

- Coordinated with 30 team members on Electrical Installation for Fitout Projects such as Offices, Restaurants, and Clinics focusing Authority Standards
- Attended and passed ADDC Exam for category up-gradation of the company

**Projects:**

- H Hotel – Arabic and Indian Restaurant, Dubai
- POPEYE'S Restaurant – Dubai Internet City
- IMG Worlds of Adventure – Dubai
- MAF City Center Clinic – Dubai
- KFC Stores – Dubai
- Union Properties Office – Abu Dhabi
- Dubai The Model Center – Al Qouz, Dubai
- Abu Dhabi Housing Authority Office – Al Ain
- P & G Office – Jebel Ali, Dubai
- London Dairy – Marsa Al Seef, Dubai
- Publique and Folly Restaurant – Madinat Jumeirah, Dubai
- RAK Amenity Center – Ras Al Khaimah
- UNO Kitchen – Garhoud, Dubai
- Thyssenkrupp office – H Hotel, Dubai
- Offices in Dubai Design District

**May'13 – Jun'16 with Al Ertegha Construction – Fujairah, UAE as Project Engineer**

**Key Result Areas:**

- Monitoring and Executing all electrical and plumbing related works at the site such as load calculation for sizing wire and circuit protection, installation and operation focusing on **FEWA** standards

**Highlights:**

- Mentored and directed 15 team members on Electrical Installation for Villas and showrooms focusing on Authority Standards

**Projects:**

- G+9 Residential Building, Fujairah

- Fujairah Residency Project (46 Villas), Dibba, Fujairah
- HomesRUs Showroom, Fujairah
- Majlis, Ohala, Fujairah
- Multiple Private Villas in Fujairah Areas

### INDUSTRIAL TRAINING

Title	Centralized Monitoring of Transformer using GPRS
Organization	Transformers and Electricals, Kerala Limited
Duration	1 Year
Description	Monitoring and Controlling of Transformer by using GPRS

### WORKSHOP / CONFERENCE

- Attended National Conference on Innovation of Physics and Chemistry from Sri Krishna College, Coimbatore in 2012
- Participated in the Workshop on Hack Tricks organized by iSecLABz in association with E-cell IIT Kharagpur in 2012

### CERTIFICATIONS

- Completed courses on:
  - Programmable Logic Controller, Supervisory Control and Data Acquisition and Variable Frequency Drive conducted by Axis Global Automation, Coimbatore in 2013
  - AutoCAD 2D, AutoCAD Electrical and MEP conducted by Autodesk Authorized Cad Centre, Malappuram in 2013

### ACADEMIC DETAILS

2013	B.E. in Electrical and Electronics Engineering from Sri Guru Institute of Technology, Coimbatore with 76%
2009	12 <sup>th</sup> (H.S.C.) from Majlis Higher Secondary School, Malappuram with 70%
2007	10 <sup>th</sup> (CBSE) from Irshadiyya English School, Malappuram with 70%

### IT SKILLS

- AutoCAD
- Wiring Schematics
- Microsoft PowerPoint
- Microsoft Word, Excel

### PERSONAL DETAILS

Date of Birth	1 <sup>st</sup> September 1990
Address	Arad, Bahrain
Languages Known	English, Hindi, Urdu, Malayalam, Tamil
Nationality	Indian
Passport No.	P0992882
Expiry Date	06/2026
Nationality	Indian
Visa Status	Employment Visa
Driving License Details	Issued by Bahrain
Marital Status	Married
Membership	Society of Engineers, UAE
