2. Manage Oreo line staffing & vacations to eliminate overtime by coordinating other line leads

i:e tang line.

3. Work closely with core team & maintenance team for M&R spending optimization and spare part inventory reduction & localization
4. Coordinate with plant MUV controller for reducing Oreo line yield losses in raw materials and submit report to plant manager monthly.
5. Develop intensive training plan for activities & skill transferring from maintenance team to core team.
6. Own 3 SWPs for Oreo line
 1. BOS/QRP/MOC(Safety)
 2. SPC/SQC(Quality)
 3. Loss Analysis (Focus Improvement)
7. Coordinate with other 6-Star champs to initiate project having potential for cost saving.
8. Coordinate with site kaizen SWP owner & IIM pillar lead for initiating capital & new projects for Oreo line to provide required support from line.

Projects/Achievements:

1. Regional reorganization on leading 52 cost saving & loss elimination projects.
2. MUV loss reduction on cream fat (raw material) from 18% to 8% by developing E2E tracking system & supply chain optimizations
3. Brought Oreo line to zero overtime cost by intensive training of core team in cross function areas to enable flow to work across the area & lines as well.
4. By localization of spare parts have reduced line inventory from 15-DIOH to 10-DIOH

Plant Technician

Dec 2013 - Aug 2016

P&G Pakistan Pvt. Ltd, Karachi, Pakistan
