Kingdom of Bahrain.

Objective

To seek working environments, which offer a certain degree of challenge and opportunity to learn, chance to grow and become a productive member of the company.

Personal Profile

As an AutoCAD Draughtsman, my objective is to contribute to the company's success by producing the most accurate and feasible illustrations for the projects assigned to me. My experience as an AutoCAD Draughtsman and Site Engineer in Bahrain Construction industry, broadened my knowledge and enhanced my skills in creating and modifying 2D and 3D drawings using the latest technologies as well as manual drafting. I am eager to learn and further my proficiencies by constantly improving my work and accepting all kinds of assignments handed out to me. With this said, I am confident that I can measure up to the expectations of the company.

Summary

More than **6 years** of experience civil construction: Work-Drafting, Site and Project Management. I have strong communication, interpersonal and presentation skills. Gained both analytical and practical skills necessary to solve many problems in my career.
