

Dear Concerned,

My name is Akhil Asif and I am glad to introduce myself as a Civil Engineer with Total of 6 years of experience from GCC. Currently working with Doka Bahrain (Formwork Expert) as Project Engineer role for the last 3 years. I have worked as Quantity Surveyor and Site Engineer in residential and commercial building projects. I am a Civil Engineering degree holder from the University of Calicut. I have excellent organizational and coordinating skills and enjoy juggling all aspects of a project, from designing, preparing BBS, checking of working drawing and data, day to day site execution management and preparing the progress report, BOQ, tender documents etc.

I have good knowledge in AutoCAD, extensive understanding of construction operations and also to prepare analysis reports to track the progress of each phase of construction and coordinate construction activities with all relevant parties.

May we meet in person to discuss this opening? I'm available in Bahrain by resident visa. If you are interested in doing so, please call me at +973-35594280 to arrange a time that suits you and I'll be there. Thank you for considering my application and for reading my resume.

Kind Regards,  
Akhil Asif KK
