

Greetings,

My name is Joel Sam Thomas Kadavil, I am a B.Tech Chemical Engineer, I have worked in laboratory of aluminium smelter industry- Aluminum Bahrain (ALBA). I have achieved profound knowledge in the analysis of aluminum samples, various composition of alloys, use and working of spectrometer, process of aluminium smelting.

I would like to express my knowledge and skills in your firm for a better enhancement. Please consider me for the desired role.

Hoping to hear back from you.

Regards,

Joel Sam Thomas Kadavil
