EXPERIENCE

Retail Interior Designer cum Draftsman

Japan Interiors Co. W.L.L

📅 08/2023 - Present   📍 Manama, Bahrain

- **Creating Mood boards and Sample Boards** to convey design concepts, gather feedback, and refine aesthetic direction
- **3D Modelling and Rendering** - Crafted premium 3D renders of superior quality
- **Producing Architectural Drawings and Joinery details** meeting Industrial Standards and reflecting design vision, using AutoCAD & Sketchup Layout
- **Creating MEP Drawings** - Collaborate with MEP engineers to seamlessly integrate mechanical, electrical, and plumbing components into architectural plans
- **Preparing Fire Fighting and Fire Alarm Drawings -** Develop comprehensive fire fighting and fire alarm drawings in compliance with Civil Defense regulations for submission and approval.
- **Conducting Lighting Analysis -** Utilize Dialux software to perform comprehensive lighting analysis for interior spaces, ensuring optimal illumination and energy efficiency. Collaborate closely with design teams to integrate effective lighting solutions that enhance aesthetics and functionality while meeting regulatory standards.
- **Quantity Estimation** - Conduct precise quantity estimation for interior design projects
- **Interior Design Graphic Development** - Produce visually captivating graphic designs to support interior design concepts, including mood boards, presentation materials, and promotional content, Utilizing Softwares like Adobe Illustrator, Adobe Photoshop, Canva

Architectural Designer

Bravo Constructions W.L.L

📅 11/2021 - 07/2023   📍 Manama, Bahrain

- **Creating Mood boards** to convey design concepts, gather feedback, and refine aesthetic direction
- **3D Modelling and Rendering** - Crafted premium 3D renders of superior quality
- **Building Information Modeling (BIM)** - Utilize Building Information Modeling (BIM) to create detailed 3D models using Revit Software that enhance collaboration and communication among project stakeholders. Integrate architectural, structural, and MEP components to streamline the design process, improve accuracy, and facilitate efficient project management throughout the lifecycle of interior design projects.
- **Producing Architectural Drawings**: Create accurate architectural drawings and detailed joinery that adhere to industry standards and capture the design vision, utilizing AutoCAD and Sketchup Layout
- **Quotation Preparation** - Prepare detailed and accurate quotations for interior design projects and Civil Projects, analyzing project specifications, material costs, and labor requirements.
- **Quantity Estimation using PlanSwift**: Utilize PlanSwift software to perform precise quantity estimation for interior design projects and Civil projects, streamlining the measurement and analysis of materials and labor costs.
