Dear Hiring Manager,

I have been working as an Electrical Site Engineer at Ibn Ehsan Builders, with more than 3 years of experience. Recently I have completed my **MS Engineering Management** from Bahria University and I am a hard-working college graduate (**BS Electrical Engineering**) from **Institute of Space Technology, Islamabad**. During my academic career, I learned valuable professional skills such as product design, experimental design, environmental testing, project management and inventory management. In both my academic and professional life, I have been consistently praised as hard-working by my professors and peers. Whether working on academic, extracurricular, or professional projects, I apply proven leadership, problem-solving, and teamwork skills.

After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization. Please contact me at +973 3417 5231 or via email at mrmohsin57@gmail.com to arrange for a convenient meeting time.

Thank you for your consideration, and I look forward to hearing from you soon.

Sincerely,

Mohsin Abbas
