Dear Sir/Madam,

I was excited to see your job listing. As an engineering graduate with over four years of professional experience executing account reconciliation, portfolio accounting, financial reporting, and work transitions from US teams, I'm confident that I would be able to fulfil the responsibilities entrusted to me by you.

I am currently in Bahrain on 90 days visit visa. I am flexible regarding the work location and available for immediate joining.

Thank you so much for your time and consideration.

Sincerely,

Sam Joshi Abraham
