OBJECTIVE

To obtain the Position matching to my skills and Knowledge in Production & Purchase Engineering line and have a growth path in the same domain and embrace the role willingly and deliver the objective of the role specific task with utmost sincerity and honesty.

PROFESSIONAL EXPERIENCE

ACC RMX CONCRETE (ACC LIMITED), CHENNAI, INDIA

2015-2022

SENIOR EXECUTIVE QUALITY

2019-2022

- I Have ability of making Mix Design for some innovative concrete Products like Eco-Crete, Self Compacting crete, Super-crete M60, Quick Setting Concrete, Jet setting-concrete, Controlled low Strength material-CLSM, Temperature control concrete less than 23°C@site.
- I have handled the quality of concrete so as to pump up to 19th floor and above in "Pacifica Project" in Chennai without any quality issue.
- My roles are managing Quality Assurance, quality control and mix design analyzing Ready mix concrete. Sorting out the technical issues related with the quality of the concrete and also ensuring the correct quality of the concrete preparation of mix ratio according to the customer requirement. Overall responsibility is in laboratory testing of raw material & Concrete, also having knowledge of operation in Plant.

Quality Control Officer (Lab Technician)

2017-2019

- I was promoted as Quality Control officer in a very short period of time for my work as Batchers efficiently and responsibly.
- I handled the average volume of 7000 m³ per month in plant. Testing & maintain the records of quality control for that plant.
- Conducted Onsite inspection, Testing ready-mix to ensure Mix and project specifications, Monitored
- Pour schedules and ensured QC presence on high priority projects.
- Preparing the QC job reports and submitted to QC Manager.
- Resolved Quality issues to maintain high level of customer Satisfaction. Tracked product performance and maintained testing equipment in proper and good working order.

Batching Plant Operator

2016-2017

- My first designation is Batching Plant Operator. I handled M1 Pan Mixer, skip bucket plant and M 2.5 twin shaft, radial and inclined conveyor plants at the utmost efficient levels and gained adequate knowledge in the plant maintenance and breakdown preventive maintenance.
- My roles and responsibilities are increasing production per hour rate, reducing breakdowns, maintaining mixer hour to production ratio mixer to DG Ratio monitoring water consumption, maintaining Work permits, Plant and machinery checklist etc.
- Safety is the main and integral part of our business, being a Batchers I have been trained in **LOCK OUT TAG OUT TRY OUT, Tool Box Talks, SOTs, reporting Incidents, maintaining Work permits, mandatory plant checklists and other safety related aspects etc.**
- Ensuring 100% PPE Adherence in my zone areas, giving plant lock holder training and personnel lock holder training regularly, risk assessment developing for all the activities in plant etc.

Diploma Engineer Trainee (DET)

2015-2016

- During this training period, I had undergone training for Batching Plant Operator, Production officer, Quality/Lab Technician, Dispatcher, Customer Relation Officer and Maintenance.

KEY COMPETENCIES

- Possess good Interpersonal skills coupled with good communication and Presentation skills.
- Good Ability and willingness to identify strengths and bring out the best in order to complete task in time.
- Hard working with well-honed leadership skills.
- Excellent analytical skills to build creative & innovative ideas.
- Ability to handle situations independently and to motivate self and others and emphasize on building strong team.
- We are using **SAP MM Module** and having adequate knowledge in SAP and Microsoft Office.
