

Greetings sir!!!

I am forwarding my resume for the position of Safety officer in your esteemed organization.

To introduce myself, I, Nithin Somanath, have completed Diploma in Fire & Safety engineering from reputed institute from Kerala, India. I have overall 14.5 years experienced in Health, Safety & Environmental field.

Present am working in Al Musairie Contracting SPC Bahrain as a safety officer, a sister's company of Al Musairie Trading & Contracting Qatar WLL, is primarily involved in construction & renovation projects for US Navy (NSA), Bahrain.

I have a valid Bahraini driving license.

Safety has always been every one's priority, mainly because it weds to the overall operations. Thus, having a chance to be your safety professional is no less than a great opportunity. Please review this letter for you to weigh my potential for the position, possibly.

As the famous quote says," Safety doesn't happen by accident ". That is why safety regulations for health and occupational means are always present in every establishment. I have 14.5 years and counting experiences as a safety officer. I am well grounded with all the OSH regulations, which made me a reliable professional to work in your organization. Other than knowledge, I also contain smooth and hard skills that are beneficial in performing the duties and responsibilities of a safety officer.

I guess this contains a summary of all the advantages that I might bring into your office. I am glad knowing that you read this letter until the end.

Kindly review my resume that I attached below.

I think I meet the essential criteria for the vacant position and hope to receive a call soon.

Thank you so much,

With Regards,

Mr. Nithin Somanath
