My name is Suliman Elameen Suliman. I received a B.Sc. degree in information systems from OIU and recently, I obtained a Master Degree in information security from Karary University. Currently, I am working as lecturer with the Department of IT at the holy Quran University as full time, and also, I am working as part-time with at Khartoum College teaching networking, information security and project management. I have more than 10-years technical experiences in maintenances and network I am also detail-oriented, which is important when it comes to Farm work's I am familiar with all of the tasks that are typically required of System Administrator or Technical Support Specialist, I am comfortable working long hours in the sun and am not afraid of getting my hands dirty. I am also proficient in using IT equipment, including Network and System. I am able to handle physical labor for extended periods of time. I am excited to join the team at your ICT and to help contribute to the success of the ICT. I believe that my IT experience and my dedication to hard work will make me a valuable member of the team. I am confident that I have the skills and experience that you are looking for, and I am eager to put my abilities to work for your organization. I look forward to hearing from you and discussing this opportunity further. I am a hard worker who is not afraid of a challenge.

As well I received an online exam in CCNA and MSCA. On top all this, I have received review to be hardworking, great team player, I'm a very motivated worker, achiever and a quick learner. I am currently looking to develop my skills in Processing, Information Security, Computer Network, Machine Learning and Big Data.

Mr. Suliman Musa
