SUMMARY

I am a fresh graduate with a degree in Cybersecurity from the University of Salford, recognized among the top 30 students in the Kingdom. I am passionate about advancing my skills and knowledge within the cybersecurity domain. As a natural problem solver, I thrive on identifying and addressing vulnerabilities, and I take pride in my meticulous, detail-oriented approach to ensuring maximum productivity and effectiveness. Throughout my academic journey, I have cultivated a diverse skill set in a competitive and dynamic environment, preparing me to tackle various challenges. I am eager to leverage and refine these skills in a professional setting.

KEY COMPETENCIES

Process improvement	Report writing and presenting	Strong interpersonal skills
Team Leadership	Critical thinking skills	Proactive and self-motivated
Agile Methodologies	Penetration Testing	Exceptional organisational skills

PROJECTS

British University of Bahrain **Sep 2023 - May 2024**

Mobile Application Development

Developed a Kotlin-based mobile application facilitating the buying and selling of used items. Features include intuitive listing management, robust search capabilities, secure messaging, and community trust-building through ratings and reviews. Utilized Firebase and Google Maps API to enhance user experience.

British University of Bahrain **Oct 2022 - Dec 2022**

Security Assessment Report Prepared for Samad Al-Iraqi Restaurant

Prepared a comprehensive 2022 Security Assessment Report for Samad Al-Iraqi Restaurant, focusing on identifying and mitigating cybersecurity vulnerabilities. Implemented rigorous testing methodologies to assess the restaurant's digital infrastructure, ensuring enhanced data protection and operational resilience.

Injaz Bahrain **Dec 2016**

The Project of a Lifetime

Acquired practical skills in Business Strategy, Development, Analysis, and New Business Development through dedicated workshops. Demonstrated competence in applying these strategies to drive organizational growth and development.
