Dear,

I am writing in response to your company's opening for an Environment & Sustainability Professional position. I am interested in this position as my skills, qualifications and experience match your vacancy requirements. I feel confident that my 5+ years' experience in the Environment profession particularly in Environmental Consultancy area provides me with the capabilities and experience to successfully fulfill this position. Accordingly, I have enclosed my CV for your consideration.

o Some of the Clients for which I have worked with is as below:

- ✚ BAPCO Energies (Refining, Upstream and Gas)
- ✚ TECNICAS REUNIDAS
- ✚ SAMSUNG ENGINEERING
- ✚ SULB Company
- ✚ WTE – Wasser Technik GmbH
- ✚ Bahrain Airport Company/Gulf Air Group
- ✚ SUBCOM (Batelco)
- ✚ Manama Steel Industries
- ✚ Keller GmbH – Ithmaar Development Company
- ✚ ALS Laboratories Ltd
- ✚ Environment Arabia Consultancy Services

Currently I am working as a Senior Environment Specialist in a private sector on a variety of projects (Oil & Gas, Refining, Power Plants etc.). My extensive experience in Environment & Sustainability management includes Environmental activities in Oil and Gas industry, Aluminum industry, and other construction and operation sites including the preparation of Environmental Management Plans, Environmental Audits, Site Safety and Risk Assessments, Environmental Monitoring (Air, Noise, Vibration) etc. In addition, I am knowledgeable in the areas of water and air pollution control and hazardous waste management. I have a good understanding of environmental laws and regulations, and I know how to ensure that a company is compliant with the latest standards.

I had got an opportunity to work in the Environmental Monitorings (data interpretation, analysis and report preparations of ambient air quality monitoring stations) for Bapco Modernization Programme (BMP), Kingdom of Bahrain. Handled the Operational Environmental Audits and Monitorings for the ALBA (Aluminium Bahrain) SPL Treatment Plant.

I am also well-versed in environmental impact assessments and environmental auditing. I have a good knowledge of environmental engineering principles and techniques, as well as a good understanding of the latest technological advances in this field.

Please feel free to contact me to set up a mutually convenient time and date for an interview.

I am thankful for your time and consideration, and I am looking forward to hear from you soon.
