Respected Sir,

My name is Anees Faisal K. I am from Kerala, India. I completed my engineering in Electronics and Communication with first class.

Currently I am working as a Telecom Chief Engineer Cum Section In charge in Al Adliya Contracting Establishment which is a top contractor of BNET/BATELCO. I also worked as a QA/QC Engineer in BAHRAIN INTERNATIONAL AIRPORT MODERNIZATION PROJECT in Structured Cable Network. Before worked as a Project Coordinator in same project. Also I have experience in Bahrain Internet Exchange (BIX) as NOC Engineer. Also I worked in construction of BDF Cardiac Hospital Riffa as supervisor .also I have experience in Optical fiber because I worked in Batelco (Bahrain Telecommunications Company) as Technical support and also I worked in EWA(electricity and water authority) as IT Helpdesk Technician.

I have valid Bahrain Driving License. I am a quick learner. So if you give me a chance to learn more, I can do it fast. Also I am ready to relocate.

Thank you for taking the time to review my cover letter .I look forward to talking with you.

Sincerely,

Anees Faisal K
