ABOUT

- Nationality: Sri Lankan
- I possess a valid Family Visa for the Kingdom of Bahrain
- Ability to Relocate: Willing and able to commence work within a short timeframe.

SUMMARY

Dedicated software engineer with a Bachelor's degree in Computer Science with Honors from the University of Westminster UK. Experienced in quality engineering and software development a proven ability to tackle complex problems and deliver innovative solutions. Strong work ethic, effective communication skills, and a commitment to continuous learning. Eager to contribute to impactful projects and work within a dynamic team.

WORK EXPERIENCE

July 2022 - July 2024

Quality Engineering Intern Mad Mobile LK (Mad Mobile USA)

- **Automation:** Experienced with Selenium Automation, test design, execution, and API automations.
- **Test Design:** Developed and executed over 500 test cycles consisting of test plans and test cases.
- **Team Collaboration:** Worked with teams to complete over 27 sprints over the course of 2 years.
- **POS Systems:** Conducted various testing, maintenance, and environment upkeep of 3 types of POS systems. Managed onboarding processes for all types of systems to ensure performance.
- **Defects:** Identified over 400 critical issues and 3000+ major and minor bugs, tracking and resolving them to a satisfactory conclusion.
- **Debugging:** Debugged over a dozen mobile applications and websites professionally, ensuring optimal performance, user experience, and feature validation.
- **Software:** Jira, Linux OS, AWS, Postman, Jenkins, Bitbucket, Git/GitHub, Confluence, Selenium, SQL.

Freelance Independent Software Projects

March 2020 - April 2022

- **Project Management:** Directed over 14 major and 7 minor projects from conception to completion, achieving client satisfaction and ensuring timely delivery.
- **Project Development:** Engineered and completed 21 applications using Python, Java, Django, HTML, CSS, and JavaScript respectively.

EDUCATION

Bachelor of Computer Science With Honors

September 2020 - August 2024

Class: Upper Second Honors (2:1)

Informatics Institute of Technology affiliated with The University of Westminster UK

Foundation

Informatics Institute of Technology

September 2019 - July 2020

International General Certificate of Secondary Education(IGCSEs)

September 2007 - July 2018

Al Noor International School Bahrain

SKILLS

• Technical Skills:

- **Programming:** Proficiency in Python, Java, JavaScript, HTML, CSS and SQL.
- **Tools and Technologies:** Test Management Tools (Jira), Version Control Systems (Git/GitHub, Bitbucket), CI/CD (Jenkins), API Testing (Postman), Agile Methodologies (Scrum processes).
- **QA Testing:** Manual, Automated, Regression, Performance, Database, Unit and Security Testing.
- **Cyber Security:** Strong understanding of core cybersecurity principles, including data encryption and cryptographic concepts, with hands-on experience from courses and certifications.

• Soft Skills:

- **Languages:** Proficient in English (Native level) and Hindi (Conversational).
- **Teamwork:** Strong collaborative skills gained through work experience and university projects.
- **ICT Proficiency:** Expert in Microsoft Office, video/photo editing, and operating systems (Linux, Windows)
