

Hello.

My name is Lina Malaabeh, I'm 27 years old, from The Hashemite Kingdom of Jordan. I studied English literature and got a 81.8 GPA, I was among the top five in my class. After graduating, I took courses in Human Resources and ICDL.

I worked as an English teacher for about a year, I was an enthusiastic English teacher with a strong dedication to educating students on the principles of college-level writing. I'm eager to help students become excellent in the classroom by encouraging teamwork, group discussions, and open communication about study problems and help them achieve academic success.

I also worked in Dermatology clinics for about three years and a half. My job was to provide laser treatments according to doctor recommendations and instructions and medical protocols. I interview patients to assess their needs and discuss treatment plans. I also operate and maintain laser equipment according to safety protocols. I ensured clinic cleanness and safety. Also I monitored patients during and after treatment.

During my job as a skin and laser specialist, I worked as a receptionist as a part of my job, I welcomed customers and clients and encouraged them to take the best treatments that suits their needs and affording them the suitable price and service.

I would like to work in Bahrain because I liked its atmosphere since I visited it at the beginning of this year (2025), and would like to know more about its culture and history, and because of its good relationship with the Kingdom of Jordan.

I hope to receive some good reactions from your honors.
