Ministry of Works, Municipalities Affairs & Urban Planning
- 2021** • **Certificate of Graduation of 10 – Hour Green Building Training – Sustainable Architecture Week May 2021**
UGREEN – Green Building School

RELATED EXPERIENCE

2020

Member of the College Council of Kingdom University

I was given the opportunity to be part of the College council committee within which I was tasked to be the voice of the students. My main objectives were to communicate with the students to bring about suggestions or opinions such as ways to improve the online learning or any complaints the students faced within the academic year.

What I learnt: -

To be able to communicate with a wide range of students in order to satisfy their needs in a suitable manner. To attend meetings with the council and present current state and issues the student face and to come to a mutual agreement. A sense of leadership where I would try my best to help fellow students.

2020-2021

Interned at Ministry of Works, Municipalities Affairs and Urban Planning

As part of the training program endorsed by Kingdom University, I had conducted my training within the ministry of works under the department of "Construction Project Directorate". I was tasked to assist the Architectural Design team in order to produce As- Built architectural set of drawings.

What I learnt: -

To be able to work under pressure in order to produce multiple sets of drawings within the deadline. By visiting the site, I learnt how to make efficient measurements and sketches in order to get accurate measurements and gather necessary data for me to produce the as – Built drawings. Experienced a real scenario of a site visit and how to collect information. To be able to produce detailed drawings within the standard of the Ministry of Works.

2022-2025

Working as an Architect at MACE (Mazen Al Umran Consulting Engineers)

Responsible for preparing architectural layouts for commercial projects, developing detailed BIM models using Revit, and producing high quality 3D renders. Also prepared weekly minutes of meeting, progress reports and presentation materials for client coordination and review
