## Experience

---

### Economist – Dar Al Handasah, London (Oct 2021 – Mar 2025)

- Developed economic strategies for real estate, urban planning, and infrastructure projects across the Middle East and Africa
- Consulted to inform the scale and mix of land-use programs based on demand projections for residential, commercial, and hospitality asset classes
- Led economic cost-benefit analyses and contributed inputs to financial modeling to assess project feasibility
- Drafted project proposals and business development initiatives, contributing to successful tender acquisition from both government authorities and private developers

### Intern in MENA Coverage – Arabia Monitor, London (Jun 2021 – Jul 2021)

- Produced weekly publications covering recent country-specific or sector-specific market trends in the MENA region
- Monitored regional economies to identify geoeconomic trends, strengthening the firm's forecasting capabilities and expertise
- Analyzed data on macroeconomic indicators to support the research team

### Pro Bono Consultant – London Strategy Group, London (Oct 2020 – Apr 2021)

- Identified target markets and entry strategies for a cleantech firm establishing micro-factories with minimal carbon footprint
- Projected initial capital expenditure and operating costs for 5+ selected partnerships in East Africa

### Junior Researcher – Bahrain Research Group, Bahrain (Jul 2020 – Mar 2021)

- Produced articles on local economic issues, including evaluating policy responses to COVID-19 concerning unemployment rates, using industry-level datasets
- Synthesized Bahrain's economic metrics to supplement the firm's Data Portal

### Intern in Management Consulting Department – KPMG, Bahrain (Feb 2018 – Apr 2018)

- Engaged with private and public sector organisations to resolve strategy challenges and locate opportunities for clients
- Produced a Social & Economic Impact Assessment Report, examining the labor market and education systems in Bahrain, to consult the client on vocational program improvements
- Benchmarked foreign utility providers to best position the client against competitors
- Surveyed 80+ stakeholders to supplement market research work

## Leadership

---

### Treasurer – LSE Gulf Society (2019)

- Executed revenue generating initiatives and led sponsorship engagement with Middle Eastern companies
- Coordinated speaker events with scholars and Gulf experts focusing on geopolitical research

### Financial Head – INJAZ Company (2018)

- Co-founded an enterprise creating sustainable speakers from reused PVC pipes
- Managed share capital, monitored budgets, and updated financial statements
- Raised profit margins by 20% by finding low-cost suppliers

### Head of Administration – Model UN (2016)

- Organized the 1<sup>st</sup> international Model UN conference in Bahrain in affiliation with Georgetown University
- Managed personnel on the database for summits and provided administrative assistance
