To,

**HR**

**Subject: Application for the post of Civil Engineer.**

Dear Sir,

AA,

I wish to apply for the position of '**Civil Engineer**' in your reputed organization.

Previously, I was employed with ZKB, where I was recognized for driving technical development of sophisticated structures and systems in the structural building and civil engineering fields. I am relied upon for performing preventive maintenance checks, inspecting and monitoring work areas to ensure safety, and supervising and training project employees, including in-house, external contractors, and sub-contractors. I firmly believe that my knowledge and experience gained as an experienced Civil Engineer along with Architecture will add value to this position and ultimately to your organization.

In teaching point of view, I could teach any subject regarding Civil Engineering designed, theoretical or management subjects. I am weak in designed based software's either related to civil design or Architecture. I am also doing my dissertation on building materials which is a comparison between modern and old materials.

I have amassed nearly **5 years** of significant, progressive and technical experience in civil engineering projects. The fast passed nature of the job incentivized me to complete all my tasks efficiently and effectively. My resourcefulness, eye for detail and analytical abilities have been important to my success and I am confident they would make me a strong asset of the team. As an ambitious and capable individual, I have gained expertise in almost every corner of the construction profession. I would appreciate the opportunity to join an esteemed and reputable organization such as yours.

I am highly motivated to overcome all the challenges that I may encounter and I will strive to achieve high performance levels to support the organization.

I enclose my application (along with my CV) for review and look forward to meet you in the near future.

Thank you
