**Dear Sir,**

I have completed my Bachelors of Technology in Computer Science and Engineering at Symbiosis Institute of Technology. With my engineering coursework and project experience, I believe I am a strong candidate for the role of data scientist.

As an undergraduate, I have balanced a rigorous course load and a number of extracurricular activities that have allowed me to enhance my skills relevant to this role. I am very interested in interviewing for this opportunity and look forward to learning more about your requirements.

Attached, please find my resume for your consideration; it contains a review of my projects and experiences that I would be glad to discuss with you. Please feel free to contact me by email at [bhoomisdj@gmail.com](mailto:bhoomisdj@gmail.com). Thank you very much for your consideration.

**Sincerely,**

Bhoomika Jethwani
