

## IRSHAD MOHAMMED P.M

### Personal Data :

Date of birth	07.08.1991
Age	28
Passport No	P 0989193
Nationality	Indian
Marital status	Married

### Contact

Email id	irshapm@gmail.com
Contact	00973331598140

### Languages Known :

	Speak	Read	Write
English	✓	✓	✓
Hindi	✓	✓	✓
Malayalam	✓	✓	✓

### Hobbies:

Writing blogs in Linked In, Owning Musical instruments, Ghazals, and Distant Videography

### Objective

Highly trained and motivated ICT Engineer (BSCS-Telecom Billing, IPTV, GPON and Fiber optics software products implementation) with more than 7 years of software testing and implementation experience, looking forward to be a part of a rewarding and professional Telecom Business organization. Have major experience and Telecom BSS Domain with prominent exposure in Business Orchestration applications.

### Academic Qualification

B.E Electronics & Telecommunication Engineer.

### Areas of interest

- ✓ Continuously acquire knowledge on ICT industry and to be completely on par with new telco- business trends (Cloud computing, Network Function Virtualization-NFV).
- ✓ Software solutioning having experience in both as Integration and Support engineer with major telco clients in Middle east (Rating & Billing platform-BSCS exp+).
- ✓ Identifying potential threats in systems and assessing risk and impact
- ✓ Understanding severity and priority of the projects, implementation with strong hindsight in the impact

### Technical proficiency

Database : Advanced knowledge both in UNIX & SQL  
Test Management Tool : HP Quality Center, IBM RQM and RTC  
Key Domain experience : Telecom BSS and OSS.  
Noteworthy Experience : Ericsson CBiO, Charging systems in IT Digital services team with DU service operator (UAE).

### Professional strength

- 7+ years of experience in ICT industry prominently in Revenue assurance nodes application (BSCS-IX), CBiO testing worked as integration and support engineer..
- Worked in downstream Business systems. Eg: CoDE - Collection & Dunning Engine, an inhouse application developed by Etisalat to cater collection and dunning lifecycle needs of customer base. Streamserve and HRMS systems as well. MS SQL DBA
- Software projects, working in close co-ordination with Demand & Delivery team and own management to

[www.linkedin.com/in/irshad-mohammed-10ab7b5a](https://www.linkedin.com/in/irshad-mohammed-10ab7b5a)

achieve timely delivery of Business priority/impacted projects.

- Technical knowledge in BSCS Application CX, CMS and Composite API interfaces (SOI).
- Functional knowledge in Unix server application, Soap UI and software CR deployments.

---

#### Professional strength {Continued~}

---

- Proved as a best test practitioner in various Billing modules.
- Functional knowledge in middleware applications like TibCO and network interfaces like ASAP and "In" modules.
- Has extensive experience in performing regression prior to build release with different aforementioned applications.
- Underwent extensive training in Test Plan, Test Design, Test Execution and Defect Management
- Proficient in System Integration testing and User Acceptance testing.
- Hands-on experience in handling BaU projects.
- Certified in Software testing (ISTQB)
- Knowledge on STLC and other' Testing Methodologies
- Good interpersonal & communication skill
- Worked in Etisalat Falcon transformation project.

#### Companies with whom I have worked with previously

- Omnix International LLC ~ Served as ATL in BSCS QA Team (Dubai- UAE).
- Maveric Systems- Based in Bangalore, India.

---

#### Projects

---

##### Falcon Transformation project Etisalat (BSCS Revenue Management Node).

FALCON TRANSFORMATION program is a transformation from legacy system for Etisalat Telecom operator. As a part of this engagement with ERICSSON, the program covers applications such as NTS Wincash for point of sales, BSCS iX R3 for billing and rating, Conceptwave for provisioning, MS Dynamics SFA for Order management of corporate customers and Tibco as middleware. It involves E2E SIT, UAT and performance testing of all applications and their functionalities.

**Phase:** Test Design, Test Execution.

#### **Responsibilities:**

- Understanding Business Requirements
- Preparation of Clarification document
- Test Design using Test Basis approach
- Logical day and Run plan preparation
- Execution of Test Cases for Comprehensive and Regression rounds of Testing.
- Performed Stand-alone Testing and Adhoc Testing.
- Logging, retesting and closure of defects using defect management tool **JIRA, IBM RTC**
- Preparation of Traceability Matrix.
- Training peers on the domain and application
- Business Communications

CMA Service includes consulting, migration, implementation and managed service that help you design, execute and sustain a business ecosystem balanced on cloud led business.

- Our Service cover:
  - Integration And API Service
  - Application development service
  - Cloud migration services

#### **ATOS-DU project as an onsite test consultant from Maveric systems ~ 8 months**

- Worked in BSCS PLC projects, NPG system for MNP functionality (worked closely with TRA stakes to meet high demand tight deadline projects) and Huawei DCS in the DU Testbed platform.

#### **Telecom – Order Management in Siebel CRM- In-house Project**

**Phase:** Test Plan, Test Design.

#### **Responsibilities:**

- Understanding the Business transactions.
- Mapping the test cases with requirements for the Business transaction.
- Preparation of Test Plan and Design Plan for the project.
- Understanding Business Requirements & Preparation of Clarification documents.
- Conducting Gap analysis of the baseline documents.
- Preparation of Test Scenarios and Test cases.
- Preparation of Execution Run plan for test execution.
- Preparation of Traceability Matrix

#### **CO-CURRICULAR ACTIVITIES:**

- Active member in Student forum of “**The Institute of Electronics And Telecommunication Engineers**”. Member No. **SCA21490**
- Attended a two day National Seminar on “**Smart antennas in Fourth generation Wireless Systems: Research trends And issues**”.
- Attended in-plant training on “**BSNL Pvt Limited**”. Coimbatore for two weeks.

**ROLES AND ACHIEVEMENTS:**

- Different production billing issues were sought out voluntarily and was reviewed and analyzed for possible best fixes required.
- Have been successful in finding issue early in BSCS production systems Ex: Bill Media (**Bill\_Media**) issues, Numbering plan code (**NPCODE**) discrepancies etc.
- Performed specialized **rating procedure** for specific parameter identified in **BSCS** contracts.
- Article on linked-in "**Mind Unleashed!!!**" was recognized and was published on an educational website.

**EDUCATIONAL QUALIFICATION:**

S.NO	DEGREE	INSTITUTION	UNIVERSITY/BOARD	PERCENTAGE	YEAR
1	B.E. Electronics & Communication Engineering	SriGuru Institute of Technology Tamilnadu India.	Anna University Coimbatore	8.069 CGPA	2013
2	Higher Secondary Education	Majlis Higher Secondary School Kerala India.	State Board Kerala	83.5%	2009
3	S.S.L.C	Irshadiyya English School Kerala India.	CBSE	83.6%	2007
