## Sub: Covering Letter

I am a qualified Mechanical Engineer and currently working in Bahrain positions for the past 10 years in various fields such as Plant Maintenance, Large Tonnage Chillers Maintenance, Compressed air & Filtration design & Process cooling design,

I currently head the technical department and oversee all sales orders for systems related to Compressed Air (Air compressors & filtration), Process cooling (Chillers, Pumps and Cooling Towers) & Nitrogen Generation.

I carry with me a wealth of experience focused either on the factory floor or in ops & maintenance planning as well as troubleshooting non-standard problems in the production sector, large tonnage cooling & utilities sector.

I hold various certifications & have attended numerous trainings in the fields of Compressed Air (Atlas Copco), Process Cooling (Mitsubishi Electric Cooling), Pumps (Xylem), and Nitrogen Generation (Omega Air / Hiross-Parker) & possess a valid Bahraini driving license.

I hope you will find my resume suitable for the mentioned position.

I look forward to hearing from you favourably.

Best Regards,

**Jason D'Souza**
