~ Electrical Design ~ MEP Design Coordination

~ Electrical Systems Design ~ MEP Construction Management ~ Design Coordination & Management

Professional Profile

- ✓ MEP Construction industry professional capable of independently managing the design of electrical services for medium to large scale projects. Have worked in landmark projects including Burj Khalifa and Crescent Development Project.
- ✓ Experience in electrical design & coordination, construction management, in diverse projects. Proficient in implementing MEP activities in compliance to design specifications, contract documents and setting up a design management strategy.
- ✓ Deft in collaborating and building productive relations with all internal & external stakeholders and leading & motivating multinational, cross-functional professional teams eliciting superior performances. A proactive, results-driven professional with strong work ethic, integrity and excellent communication, negotiation, problem-solving, decision making, planning & execution skills.

Competency Matrix

- | | | |
|---------------------------|---------------------------------|------------------------------|
| ✓ Planning & Organization | ✓ Construction Management | ✓ Value Engineering |
| ✓ Electrical Engineering | ✓ Cost & Quality Controls | ✓ Team Building & Leadership |
| ✓ Design & Engineering | ✓ Site Management | |
| ✓ Material Submittals | ✓ Progress Monitoring & Control | |

Career Contour

Jun 2018 – Apr 2020: Gilan Holding, Azerbaijan as Sr. Electrical Engineer

Jul 2015 – May 2018: Omega Consulting Engineers, India as Sr. Electrical Engineer / MEP Coordinator

Jan 2014- May 2015 pursued & successfully completed MSc, Building Services Engineering, Glasgow Caledonian University, UK

Feb 2013 – Aug 2013: Sumanam Engineering Services Consultant, India as Project Services Manager

Oct 2011 – Jan 2013: Sasel Elektromekanik, Baku, Azerbaijan as Electrical Engineer / Design Coordinator

April 2008 – Oct 2011: Voltas Ltd, Dubai / Doha as Electrical Engineer / MEP Coordinator

Domain Skills

- ✓ Establish, review & implement plans, procedures, methods & techniques for effective project management to meet predefined objectives.
- ✓ Coordinate with project teams across multiple projects ensuring prioritizing and optimization of all project stages to meet overall organizational objectives.
- ✓ Supervise the preparation & review of engineering documents –shop drawings, material submittals, method statements, As-Built drawings – for electromechanical works as per project, contract & client requirements conforming to applicable international engineering practices, standards and codes.
- ✓ Coordinate the preparation of contractual documents for the bidding process including drawings, specifications, schedules & contract documents for MEP scope in association with other trades.
- ✓ Coordinate with the engineers to manage interface issues with other trades during the review of electromechanical shop drawings, specifications & BOQ schedules.
- ✓ Monitoring of works at site for progress against approved schedule, shop drawings & material specification; identify & highlight deviations and ensure implementation of corrective actions.

- ✓ Participate in weekly progress meetings with the project management team, client representatives and various contractors to review & resolve technical & commercial issues.
- ✓ Liaise with client, owner, engineer and other stakeholders for smooth handover of completed works and project close-out.
- ✓ Manage incoming & outgoing technical correspondence with all internal & external stakeholders.

Major Projects

Burj Khalifa – Dubai as Electrical Design Coordinator for ETA Voltas Hitachi JV – April 2008 – Sep 2009

Emiri Terminal (Royal Terminal) – Doha, Qatar as Electrical Design Coordinator for Voltas Hitachi JV – Oct 2009 – Oct 2011

Port Baku Residence & Mall– Baku, Azerbaijan as Electrical Engineer / Lead Coordinator for Sasel Elektromekanik – Oct 2011 – Jan 2013

Crescent Development Project as Sr.Electrical Engineer for Gilan Holding – Jun 2018 – Apr 2020

Preceding Assignments

Jan 2007 – Mar 2008: Jones Lang Lasalle, Chennai, India as Asst: Project Manager – Services

May 2006 – Jan 2007: Edifice Architects Pvt. Ltd., Chennai, India as Project Manager – Electrical

Jan 2003 – May 2006: Sumanam Engineering Services Consultant, India as Design Engineer – Electrical

Significant Achievements

- ☛ Certificate of Appreciation from ETA-Voltas-Hitachi Joint Venture for professional service at the Burj Dubai Project.
- ☛ Achieved distinction in my master's program in MSc Building Services Engineering at the Glasgow Caledonian University, Glasgow, UK.

Academics

Master of Science, Building Services Engineering 2015, Glasgow Caledonian University, UK

Bachelor of Engineering, Electrical & Electronics, 2002, Mangalore University, India

Trainings

Heating Ventilation & Air-Conditioning Design & Drafting per ASHRAE, IPEBS, 2013

Plumbing & Fire Fighting System Design per IPC/NFPA, IPEBS, 2013

Revit MEP 2016, InterCAD Systems, 2015

Personal Dossier

Date of Birth :19th June 1979

Nationality :Indian

Linguistic Abilities :English, Hindi, Tamil, Malayalam
