

Dear Sir/ Madam

I am a graphic designer working in advertising and media in Bahrain for the last 10 years. From retail to energy to hospitality, I have worked in a number of sectors during this period. I have a familiarity with the mindset and creative expectations in this region, and have had good and productive working relationships with a multi-cultural team.

My work has extended over all mediums, both print and digital. I have extensive experience handling the complete creative portfolio for several high volume promotions and campaigns for leading international brands in Bahrain on both social media and print media platforms.

I believe I would be able to contribute in a positive way to your organization. I have attached my CV here, and would greatly appreciate if you could look through it.

I look forward to being considered for an appropriate position and an opportunity to become a valuable member of your team.

Thank you.
